## PUBLIC ANNOUNCEMENT FOR PROFESSIONAL DESIGN SERVICES

The Knox County Board of Commissioners intends to contract for engineering design services in connection with **Roadway Widening Project**. Engineering firms interested in being considered for a contract to provide the required services should reply with a statement of qualifications (SOQ) no later than **August 26, 2022**. Statements received after this deadline will not be considered.

Statement of qualifications should include information regarding the firm's history; education and experience of owners and key technical personnel; the technical expertise of the firm's current staff; the firm's experience in performing engineering studies, design, construction administration and construction observation; availability of staff; the firm's equipment and facilities; references; and any previous work performed for the Knox County Engineer. Firms and ALL consultants MUST be ODOT Pre-Qualified. SOQ shall be limited to ten (10) pages 8.5"x11" single sided with 12pt font minimum. Submit two (2) paper copies with top left staple OR one (1) digital copy in PDF format.

Statements of qualifications should be transmitted to:  
Mr. Cameron Keaton, P.E., P.S. - Knox County Engineer  
422 Columbus Road - Mount Vernon, Ohio 43050  
cameronkeaton@co.knox.oh.us

As required by Ohio Revised Code §153.65-.73, responding firms will be evaluated and ranked in order of their qualifications. Following this evaluation, Knox County will enter into contract negotiations with the most highly qualified firms. Firms shall submit only one SOQ to the county and indicate which of the following bridge projects that they would like to be considered.

Preliminary project description is as follows:

**Name of Project:** KNO-CR 14-11.13; Danville Amity Rd Safety Improvements.

**PID:** 115809

**Location:** Knox County Ohio, Brown Twp., County Road 14, SLM 11.13 to 14.40.

**Description:** The project involves widening the lanes from 10 feet to 12 feet, widening the shoulders (paved shoulders on curves and stone aggregate on straight sections), resurfacing the roadway, providing edge lines and edge line rumble strips on curves, replacing all pavement markings with thermoplastic markings, installing improved signage for intersections, trimming vegetation within the right-of-way, upgrading existing guardrail, and relocating private driveway access where Apple Valley Road intersects CR 14.
